## 2 bedroom apartment with 50 sqm for rent in Méribel

Apartment is a contemporary style apartment a few steps from the slopes of the Méribel ski area. This modern apartment enjoys a privileged location facing a huge fir forest. From the outside, this building has a very traditional appearance, like a huge mountain chalet: the foundations are reinforced with grey stone typical of the Savoyard country while a light wood covers the facades of this mountain residence. The interior decoration of apartment is the opposite of alpine traditions: very contemporary, you will be immersed in a universe where shades of grey are declined in all its forms.

Apartment can accommodate up to 5 people in its two bedrooms under the roof. The twin room will be ideal for friends or children who will be happy to have a room of their own. The double room will accommodate parents and the fifth person can use the sofa bed in the living room. These areas are very cosy, with very light tones to bring serenity after the hustle and bustle of the 3 Vallées ski slopes. Also enjoy the calm from the balcony overlooking a green sea of pine trees while breathing in the fresh mountain air.

The living room of the apartment will bring you together for good meals, whether in the morning or at the end of the day. Everyone can sit where they want: on the brown leather pouffes, the bench leaning against the kitchen counter or on the grey wooden logs, an original touch reminiscent of the surrounding nature. The pots will be able to exercise their talents in the white kitchen, which is fully equipped to satisfy the taste buds of their guests.

Everything in this apartment will please you: its location in a discreet district, its proximity to the slopes and its very peaceful and contemporary interior.
