The apartment is located in a brand new luxury residence in the Gravelles district of Courchevel Village. Its location is ideal, as it is just a few steps from the slopes of the largest ski area in the world.

The apartment has a contemporary feel with neutral colours that bring finesse, such as the grey on the furniture and the thick carpet in the living room. This decoration combines perfectly with the strong presence of wood which brings warmth and reminds us that we are in a mountain building. The volumes are generous as in the living room with the kitchen which opens on the living room and which gives this very convivial space.

Three bedrooms make up the apartment, one of which is a family room with a cabin room with bunk beds, and two double rooms, one of which is an ensuite, which brings the capacity to 6 adults and 2 children. Wood is also present in the rooms, this time with brighter colours offering very cosy places.

This apartment is the ideal place for a family wishing to stay in a high standard flat, with beautiful volumes, all in a privileged location.
