3 bedroom family chalet for rent in Courchevel 1850 Chenus with 110 sqm

The **family chalet** is one of the few high-end chalets in Courchevel 1850 to have kept this **mountain spirit**. The old wood that covers the walls of the chalet is still working and you can hear it crack when the children are asleep and all is quiet.

The **decor is authentic** but sublimely mixed with modern elements and contemporary materials. The brushed stainless steel and glass fixtures refine the big armchairs covered in cow skin in the lounge.

The imposing stone and wooden fireplace will bring warmth to the lounge on cold winter evenings.

You will appreciate the nice volumes and the equipment the chalet has to offer. **Ideal for family** with children.

Level -2 of the chalet has a mountain corner with two sets of bunkbeds which can sleep four children after a long day of skiing.

On level -1 of the chalet, you will find a double room while on the first floor, a sumptuous master bedroom will delight the parents of the family.

The chalet is equipped with a sauna, a private ski room and a kitchen opening onto the living room: all the comforts of a modern home in an authentic family chalet with refined decoration and contrast is what

makes the Chalet unique to Courchevel 1850 .

The chalet is a family chalet on human scale, it is ideal for families seeking an authentic chalet near the resort centre and the ski slopes.
