The decoration of this beautiful mountain chalet surprises: from its origins, the chalet is bathed in a poetic atmosphere linked to the forest and hunting. The theme of hunting and deer has been the common thread in the decoration and interior design of the chalet. The living area receives two beautiful cabriolet armchairs designed entirely from deer antlers and skin of the animal. The orange - brown sofa opposite the large wooden and stone fireplace reminds the color of the autumn leaves at the beginning of the hunting season.

In the large dining room which opens onto the semi - professional kitchen is a gorgeous chandelier made with antlers illuminating the massive wooden table which easily receive the fourteen occupants of the chalet.

As if to emphasize and assert his wild character, two exceptional shotguns are hung on the wall of the room for pleasure of the enthusiasts.

Enjoy spacious living areas and the many facilities offered by the chalet. This mountain chalet welcomes fourteen people in seven gorgeous bedrooms including a master bedroom on the top floor accessible by a wide wooden stairs occupied by hunting trophies of an ibex and a mouflon.
