Located a few steps from the center and the Grangettes cable car that leads directly to Courchevel 1850, the Chalet has a wellness area with swimming pool, sauna, massage room and fitness room.

Built on 5 levels, this sumptuous chalet offers generous volumes and a very spacious living room on the top floor, under the roof structure and offers you a magnificent view of the summits.

Discover a refined atmosphere, with light tones, which comes out harmoniously chic. You will appreciate a sublime ceiling height as well as a magnificent central fireplace around which different spaces are organized. The massive wooden hood will join the roof and gives character to the room.

You will have the pleasure of finding yourself in the large living room where a soothing atmosphere reigns, where the hazelnut-colored wood blends marvelously with the light-colored furniture. You will find yourself around the fireplace, well settled in the cosy sofas, to have a drink at the end of the day in the company of your loved ones, while admiring the breathtaking view of the snowy valley of Courchevel. After a beautiful day outside, enjoy the sublime swimming pool, illuminated by the magnificent panorama of snow-covered mountains, and appreciate the idyllic, soothing setting dedicated to your well-being.
