The chalet is located in the heart of the village of Courchevel Le Praz and is an authentic family chalet. Its location is ideal, right in the centre of the resort and only 300 metres from the Praz and Forêt lifts.

The exterior architecture of this large family chalet is authentic and blends in with the purely Savoyard setting of Courchevel Le Praz village. The exterior of the chalet is a mixture of grey stone and light wood covering the façade. Large bay windows integrated into the two Jacobines of the roof give the Pierremont chalet a surprisingly contemporary feel. The surprise effect is accentuated when you enter the chalet. The unique interior decoration is a subtle combination of wooden furniture and warmly coloured fabrics, all perfectly integrated into a contemporary architecture with clean lines where the white walls brighten up the

space.

You will appreciate the spaciousness and the facilities offered by the chalet. This family chalet accommodates twelve adults and one child in six bedrooms. If a relaxation area wasn't enough, the chalet has two cosy lounges with sofas, a fireplace or a wood-burning stove and each area has its own open-plan kitchen. After a meal shared by all in the large dining room of this family chalet, the teenagers can choose to keep to themselves while the parents' evenings are often punctuated by conversation aimed at rehashing the world. The large, sunny balcony is perfect for reading after a day on the slopes of the world's largest ski area.

Whether you are with family or friends, you will love the chalet. This large family chalet in the centre of Courchevel Le Praz is a haven of sharing and conviviality not far from the slopes and the shuttle buses leading to the different levels of the Courchevel resort. Its level of equipment and service will contribute to the success of your holiday.
