Incredible chalet for rent in Courchevel 1650 with 3 bedrooms and 110 sqm

This incredible chalet on a human scale located in the old Moriond, nestled at an altitude of over 1650 metres. To get there, you cross Courchevel Village and its mountain aquatic centre, Aquamotion, which is the largest in Europe. Once you arrive, you will discover an authentic village, very quiet, family oriented but no less dynamic than its neighbours. Just a few steps from the property you can directly access the snow front and the ski lifts to enjoy the gigantic 3 Vallées ski area where you could skiing in winter and hiking in summer.

Chalet with a surface of 110 sq. m for a reception capacity of 6 persons, for a superb stay with 2 couples and 2 children for example! In Courchevel Moriond most properties are much larger and therefore more expensive to rent, here you will have a purely Savoyard chalet, very well placed in the heart of the village and suitable for a small group. And this, for prices defying all competition!
