Chalet takes its name from the historic owner who, in 1919, was the village's barragiste. Built even before the creation of the resort, this renovated and enlarged property of 200 sq.m is full of history.

Real ski in ski out, the chalet is placed at the edge of the toboggan run and allows a return on skis by the Provères slope, as well as a ski out to reach the Grangettes gondola, which reaches in a few minutes the center of Courchevel 1850.

The chalet follows the codes of Savoyard architecture, with a preponderance of wood, which blends perfectly with the authentic decoration of the property. Based on 3 levels, it has 6 spacious bedrooms as well as a large living room with a fireplace, ideal to share good moments.

After a long day skiing down the slopes, you can relax in the outdoor jacuzzi or enjoy the sun on the south-facing terrace.

Due to its location on the slopes, it is not possible to park your car in front of the chalet. It will be necessary to take a snow-cleared path for about twenty meters.
even more enjoyable, many à la carte services are available.
