## Chalet in Meribel Village for rent with 450 sqm and 5 bedrooms

Each of us remembers the tales that our parents used to tell us in the evening before bedtime. We imagined then pretty houses, sometimes in the form of huts, which were occasionally perched in the trees, with multiple forms, often rustic, built in wood but especially, there reigned a warm atmosphere. It is this atmosphere that you will find immediately after having passed the door of this sumptuous chalet.

Upon your arrival you will be captivated by the beauty and charisma of this exceptional chalet located in Méribel Village. Close to all amenities and lifts that give access to the area of the Three Valleys. Immediately after your entry into the living space, you will be amazed by the apparent frame sublimely worked, with fine details in a raw and massive wood. Continue through the cathedral lounge, where you will just look up to admire a majestic chandelier, a glimpse of the floor where the balcony is sublimated by wooden beams with finely worked architecture. The appearance of this wood of character and massive, provides a magical atmosphere to the whole cottage. You will also see the stairs from below, we can notice a sealed off wooden door in the front of the wall, which attracts our curiosity and reminds us of our childhood tales, reviving our imagination.

Heavy red textiles warmly decorate the living room where stands a large wooden table, representing the perfect place to share a moment of pleasure with friends and family. The fireplace sublimates the living room by its heat and the flames of his firebox.

The charm of the 5 rooms en-suite will operate on each of your guests, by their authenticity and their unique architecture. You will enjoy a magnificent view of the snow-capped peaks while you are comfortably settled in a particularly warm setting. You will have the feeling of being alone in the world facing a sublime landscape for a moment.

Your children will be captivated by a room thought exclusively for them, wardrobes and bunk beds, dressed in wood, as if they were in a cabin built inside a tree.

The surprising architecture of the Chalet is also present when you go to the jacuzzi. The gate that leads us is carved like an arch of Rajasthan, you will discover a soothing place where you will have the pleasure of spending a pleasant moment of relaxation after a beautiful day of skiing.

Soak up the exceptional atmosphere of this sumptuous 450sq.m chalet and immerse yourself in its pampering and magical universe.
