Overlooking Val d'Isère from a privileged position just above the central 'Petit Alaska' area, location tucked away in the trees is immensely private and yet just a short chauffeured minibus ride from the snow front and the resort's infamous shopping and restaurant scene. With splendid views and a snowy forest backdrop, it is hard to imagine a more magical setting for your winter holiday.

It seamlessly blends traditional alpine touches with a modern design and state-of-the-art facilities, including a simply divine wellness area with a tempting indoor pool, sauna, massage room and relaxation area - a haven after a long day on the pistes. On the same floor is a television room, perfect for keeping the little ones entertained.

The chalet's crowning jewel is its magnificent top floor, with double height ceilings and enormous windows flooding the room with light. The majestic stone fireplace and opulent seating area are a wonderful place to gather with family and friends for canapés and champagne, and the spacious dining area provides a sumptuous setting for delicious four-course meals. Outside on the terrace, the sunken hot tub beckons, and the seating area with fire pit is the perfect place from which to admire the views.

Sleeping 12 + 2 in 6 elegant bedrooms, two of which form a connected family suite along with an adjoining children's bunk room, this is the ideal chalet for families and groups of friends alike, with plenty to entertain guests of all ages.
