Chalet is located above the Raffort village, close to the Ruisseau and Ecume des Neiges chalets.

This chalet is decorated in a purely mountain style (old wood, lime plaster, wooden floors) and won a prize for the most beautiful renovation in the Alps at the Alp Home mountain decoration and furnishing show.

The entrance to the chalet is on the garden level, with a ski room (shoe dryer, clothes dryer, gloves and ski racks, WC) and an interior elevator to the upper levels. On the same floor, you will find a suite, a home cinema and a wellness area.

The 1st floor is divided into two suites.

The second floor has all the common rooms: hall, American kitchen, dining area, living room with fireplace (external elevator for logs). The large south-facing terrace has a spectacular view of the Meribel valley, the summit of La Saulire (2700m) and the 3000m high Mont Vallon.

On the 3rd floor, under the roof, you will find the Saulire suite (Master) and the Platières suite, as well as an extra toilet.

On the garden level, there is a covered parking space reserved for the guests of the Chalet. This parking space is accessible from the chalet without having to go outside. It is shared by our guests from our other chalets (Ecume and Ruisseau). There is also a laundry room with a washing machine and dryer for all our guests.
