Chalet in Meribel for 12 guests · 5 bedrooms · 6 bathrooms · 206 sqm

Located in the heart of one of the French Alps' most beautiful ski stations, Chalet is the ideal refuge for families seeking both rest and adventure in Méribel. Behind its wooded facade, this chalet offers a cosy and refined interior where raw wood, fur throws, and natural colours blend seamlessly. In the morning, enjoy the sunlit terrace while you savour breakfast with your family, admiring the staggering view of the snow-topped mountains. Then, bundle up in your ski suits and head to their peaks for an unforgettable day on the slopes. Once back at your chalet, delve into the soothing steam of the hammam before stepping into the sauna, making the moment of relaxation last. As night falls, gather the troops for a convivial evening in the TV room. Settle comfortably under the blankets and enjoy a fresh batch of popcorn while you watch a Christmas classic.
