Escape and charm at La Tania!

Renovated from the inside out, the chalet is a magnificent 200 m² log cabin, designed for a relaxing stay with family or friends.

The 6 en suite bedrooms (with shower or bath) sleep 12 comfortably.

The living room on the ground floor is bright and welcoming, and next door is a small closed TV room that children love.

This chalet is all about comfort and relaxation: after a good day's skiing, you can enjoy the sauna or outdoor jacuzzi.

We offer a personalised welcome, beds made up for your arrival, towels and bathrobes provided, and cleaning included during the rental period and at the end of your stay.

The location

The chalet is located in the chalets district, close to the slopes (less than 100m), a ski lift and car-free access to the heart of the resort (shops, ski schools, nursery, etc.).

The Folyères piste is within walking distance.
