Chalet is nestled right in the thick of Courchevel 1550. What we love is that its perfectly located, just a few mintues way from the bustle of the town.

There's nothing quite like waking up to the stunning views that this luxury chalet has to offer from every corner and window. Head down to have breakfast with the whole family, before heading for a relaxing day of exploring the resort. Nights in this chalet should be spent cosying up by the fireplace while watching your favourite holiday film.
