Chalet has a truly dedicated team, providing the ultimate in personalised service. Their combination of discretion and professionalism ensure our guests experience an exclusive environment in which they can savour complete privacy. Spread over 4 levels, this spacious chalet has a swimming pool, steam room and a cinema room and can host 10 people in 5 bedrooms with en-suite bathrooms.

The contemporary design of the chalet combined with its wonderful beamed and panelled ceilings creates the perfect setting for guests to gather around the roaring fire to relax after an amazing day's skiing.

All the bedrooms are extremely comfortable with a contemporary yet 'homely' feel designed to turn your nights into precious moments of peace and relaxation. The 5 en-suite bathrooms offer equally stylish facilities.

With its impressive volume the swimming pool together with its Jetstream is the perfect place to relax after a hectic day on the slopes. There is also a steam room, cinema screen and zoned relaxation areas.

We have created a truly 'state of the art' ski room rarely seen in the Alps. This unusually spacious area has been enhanced by bespoke luxury leather seating combined with hand-made fitted units, all created by local craftsmen. Designed to replicate a professional ski-shop atmosphere, greatly appreciated by all our guests.

The home cinema room has a Play Station, a great choice of DVD's, a multitude of TV channels and, of course, a large movie library with all the latest films available. A great place for both adults and children alike.
