Family chalet with relaxation area in Courchevel le Praz

The hamlet Bois du Praz is a new development consisting of 4 unique chalets with top of the range facilities. It benefits from a privileged location, a few steps from the village of Le Praz and the cable car, which takes you to the slopes of the 3 Valleys.

The chalet is spread over 4 levels, served by a lift. It perfectly combines the traditional forms and materials of the chalet with the essentials of modern comfort: space, light, comfort and relaxation. Inside, the chic, refined furnishings, soft colours and materials contribute to the relaxing atmosphere.

Chalet offers 3 en-suite bedrooms and a family suite consisting of a master bedroom and a bedroom for up to 4 children. At the top of the chalet, the living area is divided into a lounge, a fully equipped kitchen and a dining area, all warmed by a central fireplace. The bay windows open onto a terrace and a balcony with a splendid view of the valley.
