This is a luxury chalet of just over 200 m2 located in the commune of Val d'Isère (lieu-dit « Le Fornet»). Overlooking the river, it benefits from a prime location overlooking the mountains, the old village and the Pont du Fornet.

Combining modernity with the charm of the old, it combines authentic dry stone and old wood outside to become part of the heritage of our valley. The careful decoration using wood and fine fabrics blends with the latest technology and equipment (including a sauna and an indoor Jacuzzi) to offer guests a moment of authenticity.

With family or friends, skiers or not, you will be less than 200 metres from the Fornet cable car, with skis on your feet if snow conditions permit. You will be able to get to the village during the day or in the evening in less than 5 minutes thanks to the regular shuttles (stop a few metres from the Chalet).
